

## A Few Cents Each Week

Keeps Up the Payments in Our

### Landis Christmas Savings Club

It has proved to be the easiest and surest way to save money for the holidays. The Dimes, Nickels and Pennies you allow to slip through your fingers, will soon accumulate into a generous sum if you become a member of one or more classes. A couple of weeks before Christmas you will get a check for all you have paid in, plus interest at Four per cent.

Your check will reach you just when it will be thoroughly appreciated. The money will buy presents and help out with other expenses that always have to be met at a time when there is much to buy and pay for.

Hundreds are already enrolled.  
More are coming every day.

Let us have the co-operation of yourself and friends.

## Ardmore National Bank

## OIL and GAS NEWS

J. J. Klein of Tulsa is a Healdton field visitor.

R. R. Cole has returned from a business stay of a week in Tulsa.

W. J. Milburn of Oklahoma City, a member of the Black Panther Oil Company was here last night and left today for his former home at Milburn.

F. D. Bostaph of Tulsa who sells the famous Joseph Reid gas engine, is a Healdton field visitor. Mr. Bostaph sells his engines through the Frick-Reid Supply Company.

J. C. Coogan has arrived here from Indianapolis, Ind., and will spend the remaining winter months with his son Fred Coogan and wife, at 122 North Washington St.

Simon Westheimer of Marietta was here last night mixing with the oil crowd. Mr. Westheimer is interested in the fee to the land being operated in the Healdton field by the Healdton Oil & Gas company in section 31-3-3.

It is reported here that the contract awarded by the Fox Pool Oil Company for the drilling of its first well to be located in section 5-2-3, near the town of Fox in Carter county, has been awarded to the Hivick Oil & Development Company.

J. D. Abbott, president of the England-Abbott Wholesale Grocery Company of Durant and who is also interested in the 1914 Oil Company is an Ardmore visitor. The 1914 Oil Company has a very interesting lease and a nice production in section 31-3-3 in the Healdton field.

E. C. Matthews of Tulsa is an Ardmore visitor.

Geo. J. Ames and A. C. Hawley of the Mohawk Refining Company who have been here several days, left last night for Oklahoma City. They expect to return to Ardmore the first of the week.

C. E. Strouville and C. C. Morris spent Thursday night in Ardmore and left this morning for the Fox district. These gentlemen are representing the Savol Oil Company which owns some leases in the Fox district surrounding the Gypsy gas well.

The deepest well that has been drilled in the state of Oklahoma, is located east of McAlester and is now at a depth of approximately 4,200 feet. The formation at that depth is blue shale and drilling is being continued. The well belongs to the Gypsy Oil Company.

Twin State Oil Company which recently sold two 37,500 barrel steel tanks full of oil, including the steel to the Texas company, has begun to build one 55,000-barrel tank to be located in section 3-4-3. R. R. Cole has the contract to do the grading for the tank.

W. J. Milburn et al., and the Badger Petroleum Company who are drilling four and one-half miles north of St. Joseph in Montague County, Texas, have reached a depth of 1388 feet and at that depth the drill entered an oil sand which makes the fourth oil showing this well has had. The owners are encouraged and a good test will be drilled.

WANT to save some money?  
WANT to own your own home?  
WANT to change that mortgage into easy monthly payments?

## BENEVOLENT SOCIETY ELECT NEW OFFICERS

SAME BOARD WILL HAVE CHARGE OF AFFAIRS ANOTHER YEAR. WILL MAKE DETAILED REPORT THROUGH THE PRESS SOON.

Yesterday afternoon the Benevolent Society met and selected officers for the ensuing year and reports of committees were heard.

Mrs. Julius Kahn who has been president for the past two years, was again unanimously elected. Mrs. Dr. Hargrave was chosen as vice president, and Mrs. Attaway retained as treasurer.

Mrs. Curtis, probation officer, will continue as in the past to assist the society in every manner possible, she being in a position where she can be of great help to them.

Next week the society will make an itemized report of all collections and expenditures of the society for the past year. With all debts paid and every one looked after that is in need, the society has over \$100 in the treasury at the present time.

As soon as the citizens' committee that is now working on claims against the Santa Fe finish their work, the relief committee organized immediately after the explosion, who for the most part are members of this committee will make a statement to the public as to how the relief fund was spent.

Geo. A. Todd of the Producers Refining Company was an Ardmore visitor last night from Oklahoma City. The Producers Refining Company is running from the field at this time between 8,000 and 9,000 barrels a day, and has under construction at Gainesville three 55,000-barrel steel tanks and one tank of the same capacity under construction at Healdton.

G. E. Barford, et al., in section 12-6-2 on the north line of Love county, have completed their rig, and the drilling contract has been awarded to the Hivick Oil and Development Company, and drilling operations will be begun at once. Much interest is being taken in that locality and it is not improbable that a field will be developed on the line of Love and Carter counties, south of Wilson. The Bynum well, which is located in section 22-5-3 some three miles to the northwest of the Barford well, has a nice showing of oil and also had several gas sands. That locality deserves to be thoroughly tested for both oil and gas.

The Pierce Oil corporation is represented here today by a person who is seeking to buy as much as 10,000 barrels of oil a day at the market price. It is stated that in case the Pierce people can buy as much as 10,000 barrels of oil at the market price, that they will begin within two weeks from now the construction of an 8-inch pipe line out of Healdton. Just where the line will be built, has not been stated, but it will either go to Sand Springs or to Fort Worth and more probably to the latter place. The Pierce people are enlarging their plant at both places and on account of Fort Worth being nearer the Healdton field it is more likely that the pipe line will be headed in that direction. The agents report that the producers welcome the pipe line and are anxious to see it built, but they are not inclined to sign a contract for the delivery of oil at the market price. This same principle which is being adhered to in the field is standing in the way of at least one refinery and probably two that are seeking to locate here. Oil in the Cushing field at this time is selling as high as 40c above the posted price and the Ardmore producers are not inclined to enter into a contract that would preclude oil from selling at a premium at any time that a premium might be offered. Whether the failure of the producers to enter into contracts will prevent the building of the line cannot be stated at this time. It seems pretty well settled that if any pipe line or refinery desires to enter the field, they must come without any special contract on the part of producing companies.

### Farm for Rent.

One mile north of town of Healdton, about 80 acres in cultivation; two-room house and cribs, shed and good well. R. A. Fox, Ardmore, Okla. 4-6t

I want to sell my commercial oil and gas lease on 30 acres, s2 of ne4 and ne4 of ne4 all in Section 7, Twp. 2s, R3w. Address B. B. Myers, McAlester, Okla. 5-3

## GOV. CALLS EXTRA SESSION LEGISLATURE

TO MEET MONDAY, JANUARY 17 AND TO CONSIDER ONLY SUCH MATTERS AS CANNOT BE DELAYED.

(From The Oklahoman)

Governor Robert L. Williams Wednesday issued a proclamation convoking the Fifth legislature in extraordinary session at 9 o'clock Monday morning, January 17.

"Only such questions as affect the state generally and demand immediate consideration and cannot reasonably be delayed until the regular session in 1917 will be submitted for consideration," says the governor in a letter to each member of both the senate and the house, informing them of the call. It being an extra session, the work of the body will be restricted entirely to legislative subjects proposed by the governor.

The proclamation calling the extra session states:

By virtue of the authority vested in me by section 7 of article 6 of the constitution of the state of Oklahoma, I do hereby convolve the legislature of the said state in extraordinary session at Oklahoma City at 9 o'clock a. m. on Monday, Jan. 17, 1916, no subject to be acted upon at said session except such as may be recommended for consideration by the governor of the state.

Done at the state capitol at Oklahoma City, this 6th day of January, A. D. 1916.

(Signed) R. L. WILLIAMS, The Governor of the State of Oklahoma.  
Countersigned by J. L. LYON, Secretary of State.

The governor expressed the hope and belief that the session will not last longer than thirty days and that it will be conducted at a minimum cost to the taxpayers of only about \$25,000.

"I am convening this session from a sense of public duty and not from a personal inclination," says the governor in his letter to the legislators.

"In my official relations with every member of the legislature, the same shall be in a patriotic effort to bring about the best results for the state. This session should not extend beyond thirty days. Nothing can be done more to establish the legislative department in the confidence of the people of the state than by closing this session within thirty days."

### RELIABLE REMEDY RESTORES KIDNEYS.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is a physician's prescription. Swamp-Root is a strengthening medicine. Dr. Kilmer used it for years in his private practice. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it will help you. No other remedy can successfully take its place.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Ardmore Daily Ardmoreite.

### Oil Found at Maud.

The Shawnee News-Herald says: "Reports from Maud are to the effect that the oil well there has been capped and the derrick roped off, so that no one is allowed to approach near the well. It is not known what has been struck, but it is cited as significant that the company is taking all the leases that can be secured. Excitement runs high in Maud and vicinity, and considerable interest is also naturally manifested in Shawnee. "Over at Tecumseh this morning the officers were kept busy recording oil leases. Yesterday the prices ran as high as \$3.50 an acre. Today they are said to have run much higher. Excitement is intense at Tecumseh as well as at Maud. Reports this morning said that oil had gushed out of the well and was running down Salt Creek. Late reports from Maud, however, denied this report, and said that a big gasser had been struck. The well, said the reports, would be drilled in either this evening or in the morning. After the well had been closed down Saturday, a party of oil men arrived on the Katy and entered waiting automobiles and immediately began the scramble for leases. They

J. W. BURNS, Minister.

worked up into Sunday night, and made fabulous offers. Not only were leases taken out of Maud, but they even extended as far up as Tecumseh.

This morning other oil men arrived from Tulsa, and the excitement, not only at Maud, but at Tecumseh, is almost unparalleled.

"Stonewall Jackson, editor of the Maud Monitor, Sid Doyle, postmaster, and other Maud citizens, were last night and today non-committal. 'We are not sure. We will have to await developments,' is the best that could be learned from them.

"It appears to an unprejudiced observer, however, that a big strike has been made, and that a Pottawatomie county oil field is about to become a reality."

### The Gist of It.

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was completely restored to health," writes O. J. Metcalf, Weatherby Mo. If you would know the value of this remedy, ask any one who has used it. Obtainable everywhere.

### Pierce May Build Line.

Oklahoma City, Jan. 7.—C. W. Cahun of St. Louis, vice-president of the Pierce Oil corporation, is in Oklahoma City in conference with Burwell, Crockett & Johnson, Oklahoma attorneys for the Pierce corporation. It is understood his visit here is in connection with the reported plans of his company for building a pipe line into the Healdton oil field, though this could not be confirmed. Mr. Cahun has been here several days and probably will remain the rest of the week.

It has been reported for some time from apparently authentic sources that the company was negotiating to enter the Healdton district and the presence in Oklahoma of Mr. Cahun has added new interest to that report. The Pierce Oil corporation owns and operates a refinery at San Springs, Okla. The Pierce-Fordyce Oil association, which is an auxiliary of the Pierce Oil corporation, owns refineries at Texas City and Fort Worth. The contemplated line to the Healdton field will connect with these two refineries.

It is also reported that the Texas Company contemplates building a line to the Healdton field. This report arose from the fact that the company recently purchased a large amount of Healdton storage oil.

### FOR RHEUMATISM

As soon as an attack of rheumatism begins, apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once.

A grateful sufferer writes: "I was suffering for three weeks with chronic rheumatism and stiff neck, although I tried many medicines, they failed, and I was under the care of a doctor. Fortunately I heard of Sloan's Liniment, and after using it three or four days, am up and well. I am employed at the biggest department store in S. F., where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment.—H. B. Smith, San Francisco, Cal.—Jan. 1915. At all druggists.
